Dear Senator Perdue,

It is with great concern that I am writing to you in opposition of President Obama's effort to place Judge Dax Lopex on the U.S. District Court for the Northern District of Georgia.

Judge Lopez's 11 years of service on behalf of the Georgia Association of Latino Elected Officials (GALEO) would suggest prejudice towards law abiding citizens and law enforcement across this country.

GALEO has called for law enforcement to turn a blind eye towards criminals that have illegally penetrated our borders and then perpetrated crimes against the very citizens I am sworn to represent. They have insulted the front line law enforcement officers that protect our nation's borders while aggressively lobbying against legislation intended to protect our citizens here in Georgia.

Considering Judge Lopez's partnership and service on behalf of GALEO, I URGE YOU TO NOT SUPPORT this nomination to the U.S. District Court.

Sincerely,

JoAnn K. Birrell
District 3 Commissioner
