The Honorable Johnny Isakson
U. S. Senator for the State of Georgia
131 Russell Senate Office Building
1st and C Streets, NE
Washington, D.C. 20510

Dear Senator Isakson:

I write to oppose the President's nomination of Georgia State Court Judge Dax Lopez to the federal bench. Judge Lopez has been a member of the Georgia Association of Latino Elected Officials (GALEO) since 2004, an organization that strongly supports amnesty for illegal aliens and seeks to end the enforcement of America's immigration laws. Both by word and action, Judge Lopez identifies with the philosophical position of this group. He should not receive support from our Georgia Republican delegation.

If you have any questions or concerns, please do not hesitate to give me a call.

Best Regards,

Greg Kirk
Senator, District 13
