My name is Priyanka Bhatt and I am the staff attorney for Project South. Also copied is Adelina Nicholls, the Executive Director of Georgia Latino Alliance for Human Rights. We wanted to thank you for your time and for listening to community members' testimony during Board of Commissioners Meetings against the 287(g) program.

As community members have discussed, 287(g) does not make communities safe. Rather, it leads to racial profiling, separates families, terrorizes immigrants, plays a significant role in the deportation pipeline and costs counties millions of dollars all at the expense of tax payers. Here is our fact sheet for more information: <https://projectsouth.org/wp-content/uploads/2019/05/5.20-287-g-Fact-Sheet-.pdf>.

We know that you are interested in holding a discussion surrounding 287(g) and would love the opportunity to meet with you and further discuss this. Please let us know what days and times would work best for you.

Thanks again,

Hi Priyanka,

Thanks for generating this email.

Hello Adelina,

Actually I was seeking a representative from your organization, of Georgia Latino Alliance for Human Rights (GLAHR), that resides in Gwinnett to be on our panel but didn't have a contact number or email.

Who do you recommend? I would like to take the opportunity to speak with that person as soon as possible.

Good Morning Ade,

Since your organization assist our Gwinnett residents per the below statement, we would like to have a GLAHR representative still participate in the panel too even if the person who will speak doesn't live in Gwinnett.

At this time, we are not sharing the other panel participants' name because we want everyone to come with fresh, authentic ideas and comments from their particular organization about the "impact" of the 287g program.

If you could provide me with your organization's ~~panelist~~ contact name, email and phone number by Thursday, 7/25/19 morning at 10 am that will be most helpful.

Let me know if this doable,

thanks

Commissioner Fosque,

Thank you for your consideration.

We do understand about having a fresh start, but also I would like to see that fresh conversation being balanced, so this is the reason we were asking you who and how many panelists are.

For example if there are three panelists at least we need someone else... and I am kindly requesting you to add Azadeh Shahshahani from Project South.

Please let me know your thoughts.

Commissioner Fosque, I hope you are doing fine.

Adelina is on the road; I am sure that she will get back to you later.

But I would like to point out that I have served on panels for 15 years and never as a panelist have I been told that I can't know the identify of my co-panelists. For a multiplicity of reasons (including making the decision whether or not to participate on the panel in the first place), it is only right to let the invited panelists know who else they'll be serving on the panel with.

Sincerely,
